MARCH 2023

MASTER CHEFS IN THE MAKING

The creative chefs meticulously prepared scrumptious fruit chaat and generously stuffed mouthwatering sandwiches. The event showcased their culinary skills and fostered a strong camaraderie among them as they explored new ingredients and flavours while creating unforgettable memories.

FESTIVE HUES

Holi was joyously celebrated by the tiny tots in an eco-friendly yet fun way. Adorned in colorful attires, children sang, danced, and enjoyed the festive hues of Holi with fragrant petals.

IGNITING MINDS THROUGH THE MAGIC OF SCIENCE

National Science Day was observed and celebrated with teachers and a guest scientist who conducted several engaging activities. Students viewed sunspots with the help of the special telescope and learned interesting facts about the sun. Crisp experiments on light, reflection, dispersion, air pressure, colour combination, and sound propagation were demonstrated for the students of grades I to V.

LIFETIME OF LOVE AND WISDOM

Blessings- Saubhagyam was organised as a tribute to the beautiful and loving bond across the generations within the family. Students presented a spectacular show of melodious songs, entertaining skits, vibrant dances along with engaging games to convey their love, affection, and appreciation for their parents and grandparents.
